Website:

I am in the process of posting our newsletter in the our website. You can download it from there. Our web address is www.glendalepathfinders.org, then click on Adventurers which will lead you the Adventurer home site on the left hand corner is our Adventurer Calendar. If you do not have internet access and want to continue to receive the paper newsletter please inform me in writing. The website will make it easier for me to get the monthly information across and will save us a lot of money in photocopying the newsletter and photocopying trips to Staples. I think you will find it convenient as well because the info is just a click away. You can stil get newsletter points by sending me a confirmation e-mail that you have read it (if you click on my name on the website, that will send me the e-mail).

Conference Events:

The Southern California Conference of Seventh-Day Adventist have a monthly parental seminars at their office. These are great seminars and I will offer 30 extra family points for at least one parent to attend. That's worth one field trip and almost as half as a regular meeting points.

Prayer Request:

Andres Astupinaro one of our member in the Builder class is sick. He has some kind of a mandibular infection. Please pray for him and his parents. He is in a lot of pain and his parents need all the energy that they could have. In the meantime pray for our Builder class, Mr. & Mrs. Astupinaro are our Builder teachers and due to Andres' condition they will not be able to teach. Mrs. Ligan and I will be co-teaching that class. But Directing and teaching could be difficult at time so if any of you feel touched by the Holy Spirit to volunteer to assist in this class please let me know. I would really appreciate it. Thank you!

Awards:

I have a list of Awards that families can do at home. These are extras and you are not required to do these. But, if you wish to get more patches by working on the awards I have the list. Per award you earn you get 15 points each. Your Adventurer will earn 4-5 patches by the end of the year through the weekly classes. **These are extras.**

For Any info give me call or e-mail me. Once again happy 2005!
